Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A borrower with multiple active debts	understand my real financial condition	my loan balances, minimum payments and overdue status are scattered	manual calculations are confusing and time consuming	anxious and unsure where to start
PS-2	A person facing financial hardship	negotiate with a creditor	I do not know what settlement amount is reasonable	creditor policies and affordability limits are unclear	overwhelmed and afraid of making a poor offer
PS-3	A first-time debt relief seeker	write a professional settlement request	I lack the right wording and structure	financial stress makes communication difficult	embarrassed and hesitant
